

## Natural Scenery Clinic Summary

Jane Clarke

Thursday, Oct 19, 2023 T-1 Clinic Room, 7-8PM

You don't have to buy all your scenery materials online or at the hobby shop. Many ingredients can be found in your backyard! Will demonstrate making trees from Autumn Joy Sedum, using tree bark for rock strata, making ground cover from dry leaves and dirt, and provide information on other tree armatures. You will be invited to make & take your own sedum tree.
